

The Bellhop™

Item #1550

... like having a hired hand to carry your O₂ cylinder.

The Bellhop is a lightweight universal oxygen cylinder carrier that's ideal for busy life-styles.

Flexible and convenient, it has two fully adjustable straps which easily accommodate a variety of carrier preferences.

One Bag, Six Carry Modes

The Bellhop can be used:

- In two horizontal carry modes: as a shoulder bag or as a briefcase
- As a backpack
- With a shoulder strap for vertical side carry
- In two fanny pack configurations, either for smaller or larger waists.

Most Popular Cylinders

With the Bellhop's four smart carry modes, it's a cinch to carry any of the popular O₂ cylinder sizes, including:

- M2
- M4 (A)
- M6 (B)
- ML6
- ML7
- M9 (C)

Captive Technologies has pioneered a range of products to make life easier for patients at home. To see our latest line-up, please go to our web site at:

Available from:

Thick, lightweight padding provides cushioning when used in backpack, shoulder-strap/vertical, or shoulder-strap/horizontal positions.

Feature-Rich Design

Additional special features make the Bellhop a delight to use and a pleasure to own:

- Easy-grip dual zipper pulls
- Reinforced seams for long life
- Discreet O₂ tubing exit slots on each side just below zipper
- Sports bag-like mesh

window allows user to view gauge status, yet effectively conceals bag contents – no plastic to discolor or crack

Finally, the Bellhop is constructed of stylish 600-denier polyester that's durable, but non-abrasive and fully machine washable – so it will always be ready and look snappy whenever you need an extra hand.
